

QCU Admission Requirements

Quantum Command University Program

Quantum Command University's intensive two-year program seeks students who will benefit physically and spiritually from the QCU program. Quantum Command University operates from an exclusively Christian perspective and that perspective is reflected in all course work. However, Quantum Command University does not discriminate on the basis of race, color, national origin, gender, age or disability in the admission of students, employment, and the educational programs or activities it conducts.

The application process places you in a pool of candidates for QCU. Space is limited, so your application will be considered among other candidates for placement in the University.

Admission into QCU means that you will be part of a team, not only learning, but innovating and participating in real-time application of quantum work within the body! The goal of QCU is to design both the learning modules and the team structure to better facilitate bending the rules and creating new possibilities beyond what is already known to work! So, QCU is as much about creating as it is about learning!

Here's what you can expect from the application process:

1. Download the QCU Admission Application file and email to quantumcommand@gmail.com.
2. After the receipt of your application, you will be contacted to schedule an online interview to meet you and get to know you better.
3. If you are admitted into QCU, you will receive an be contacted and given more information about instruction time and online class information. General guidelines about times and dates are on the Quantum Command University portal under "Courses."
4. Upon acceptance, 50% of tuition is due to hold your place. The remainder of the tuition is due by the due date listed on the website.

I am looking forward to this year and its unlimited potential! With this work at your literally at your fingertips, there is nothing that cannot be accomplished!

-Blessings, Natalie Morris
